

Jacksonville Area
Health Care
Providers
Guide

On behalf of the Health and Community Agencies Division of the Jacksonville Area Chamber of Commerce, I welcome you to Jacksonville!

Jacksonville is a wonderful place in which to live, work, and play. We have a rich tradition of progressive education, business and employment opportunity, and social and recreational activities.

Our community provides a wide range of healthcare services including health care practitioners in various medical and health-related areas and suppliers of medicine and medical equipment.

The Health and Community Agencies Committee of the Jacksonville Area Chamber of Commerce has prepared this directory of health care providers as a service to the community. Please take a few moments to acquaint yourself with the contents of this booklet in the event that you may need one of the services listed.

Again, we welcome you to Jacksonville and hope this booklet is of assistance to you.

Sincerely,

Ginny Fanning
Chamber President

This information was gathered by the
Health and Community Agencies Committee of The Jacksonville Area Chamber of Commerce.

The Committee meets the first Wednesday of each month at noon.
This committee is actively looking for members and health care topics of interest to the community.
